

Why should I fish the MMWS?

1. No additional membership dues or fees like many other circuits.
2. Events are Saturday only events. This only ties up one day, so you can spend Sunday with your family. We also encourage family involvement prior to and at the weigh-ins.
3. Low entry fee- just \$140 (\$100+\$40 big fish) per event- which is just \$70 per angler, with the opportunity to make significant winnings with a minimal investment.
4. Biggest 100% side pot for a one day event on the river. With a full field, any minute you could catch the walleye worth up to \$2,000! All you need to do is get the biggest walleye to the scale. You are never out of it, no matter how tough of day you are having. The next trolling pass could be pay dirt!
5. Limited field- we only allow 50 boats to compete per event so this equates in more space for everyone to enjoy their day of competition.
6. Serious competition- you will be fishing along side some of the best Mississippi River walleye anglers in the country. This group enjoys a lot of camaraderie' and likes to talk fishing after the dust settles at Saturday's weigh in.
7. Limited travel expenses- with today's high gas prices who can afford to drive state to state? Close to home events also mean you can often stay at home or with family and friends which saves on traditional motel and meal expenses.
8. Right Pools – Right Time of Year- being avid river fishermen, we are able to select tournament dates when certain pools traditionally fish the best. This equates into fun events with BIG fish and FULL limits.
9. Boat size- you can use your 14' V-bottom up to your 20' Tournament boat- as long as you meet the insurance, livewell, and engine criteria you can compete.
10. Plain and simple.... It's just a fun time.
